attempts to provide a new agenda for british housing by looking at developments in three other countries west germany the netherlands and the u s a sets out an alternative vision of the possibilities for permanently available low cost good quality housing while providing new ideas for alternative forms of housing finance tenant management greater control for housing consumers and new forms of social housing

housing matters no matter when or where this volume of collected essays on housing in colonial and postcolonial africa seeks to elaborate the how and the why housing is much more than a living everyday practice it unfolds in its disparate dimensions of time space and agency context dependent it acquires diverse often ambivalent meanings housing can be a promise an unfulfilled dream a tool of self and class assertion a negotiation process or a means to achieve other ends our focus lies in analyzing housing in its multifacetedness be it a lens to offer insights into complex processes that shape societies be it a tool of empire to exercise control over private relations of inhabitants or be it a means to create

good obedient and productive citizens contributions to this volume range from the field of history to architecture and urban planning african studies linguistics and literature the individual case studies home in on specific aspects and dimensions of housing and seek to bring them into dialogue with each other by doing so the volume aims to add to the vibrant academic debate on studying urban practices and their significance for current social change

archhive book no1 what is affordable housing connects architects startups investors entrepreneurs and both for and non profit organizations that are engaging in the global affordable housing crisis by inventing new means for driving down housing prices

since publication of the groundbreaking encyclopedia of housing in 1998 many issues have assumed special prominence within this field and indeed within the global economy for instance the global economic meltdown was spurred in large part by the worst subprime mortgage crisis we ve seen in our history on a more positive note the sustainability movement and green development has picked up considerable steam and given the priorities and initiatives of the current u s administration this will only grow in importance and increased attention has been given in recent years to the topic of indoor air quality within the past decade as well the baby boom generation began its march into retirement and senior citizenship which will have increasingly broad implications for retirement communities and housing assisted living facilities aging in place livable communities universal design and the like finally within the last twelve years an emerging generation of young scholars has been making significant contributions to the field for all these reasons and more we are pleased to present a significantly updated and expanded second edition of the encyclopedia of housing
